

SSE Graduate Development Programme 2015

As one of the UK's largest and most diverse energy companies, we're always looking to identify great talent to support SSE's growth in the energy industry. We're looking for bright, ambitious graduates from engineering disciplines to join our Graduate Programmes in 2015.

Our Distribution, Transmission, and Generation & Renewables businesses have opportunities for graduates from Electrical, Mechanical, Civil and Chemical engineering disciplines to join us in 2015 on programmes of one or two years.
