WITH THE SUPPORT OF THE ROYAL SOCIETY

L'ORÉAL  
UK AND IRELAND

WITH THE SUPPORT OF  
THE  
ROYAL  
SOCIETY

Over 17 years ago, L'Oréal and UNESCO founded the For Women in Science programme to promote and highlight the importance of ensuring greater participation of women in science.

Each year, the International Programme recognises the achievements of exceptional female scientists and awards them with fellowships to help further their research.

In 2016, five awards of £15,000 each\*, will be offered to outstanding female post-doctoral researchers in the UK & Ireland\*\*.

Adjudicated by a panel of eminent scientists, the fellowships can be used in any number of ways - from purchasing new equipment to paying for childcare costs - to enable women scientists to further their careers and facilitate world class research.

In total, more than 2,000 women in over 100 countries have been recognised for their research and received funding to further their studies.

\* Equivalent in Euros for candidates in Ireland. To be calculated based on the exchange rate applicable on 30th June 2016.

\*\* Please visit the website for full terms and conditions.
